Dear Jeff:

Thank you for your part in giving the members of Ag-Forestry Class XXIII's *Government in Action Seminar* an exemplary experience. We know that this is an especially busy time for you. So we value, all the more, the time you spent with us.

Our goal for this session was to immerse each class member in the dynamics of how leadership in state government and the legislature works for the citizens of Washington State. You helped us to attain that goal. Your perspective regarding your responsibilities and your insights of issues added immensely to the in-depth understanding gained by members of the class.

I appreciate your time and your expertise.

Sincerely,

Wilk

Thank Jeff - I really liked your power point.

We're managing private forests so they work for all of us.®
